

Dipesh Narendrasing Girase

Computer Science & Engineering Student

Email: dipesh.girase12@gmail.com Phone: (+91) 7218090993

Location: Surat, Gujarat, India GitHub: github.com/DevDipesh

ABOUT ME

Motivated and enthusiastic Engineering student with a strong interest in software development, artificial intelligence, and web technologies. Skilled in building projects using HTML, CSS, JavaScript, and modern development tools such as VS Code and GitHub. Experienced in developing practical projects including weather applications, portfolio websites, and AI-based solutions. Strong communication and public speaking abilities, with proven teamwork and problem-solving skills. Passionate about continuous learning, innovation, and applying engineering knowledge to real-world challenges.

CAREER OBJECTIVE

To secure an internship or entry-level position where I can apply my technical knowledge, enhance my software development skills, and contribute to innovative projects while growing as a professional engineer.

KEY SKILLS

Web Development

HTML / CSS / JS

Git & GitHub

VS Code

Prompt Engineering

Artificial Intelligence

Problem Solving

Public Speaking

Teamwork & Comm

Project Lifecycles

FEATURED PROJECTS

WeatherGenius-AI

Next-Gen Intelligent Weather Insights

An advanced weather platform integrated with Large Language Models to provide personalized wardrobe recommendations, activity scheduling, and contextual climate forecasts based on live geographic data feeds.

JavaScript

Generative AI

Weather API

UI/UX

neurocalc-pro

Advanced Mathematical & Analytical Processor

A professional web-based computing engine engineered for fast multi-functional arithmetic, tracking formula parsing trees, and offering real-time computing analytics with a beautiful minimalist design layout.

HTML5

CSS3

JavaScript

Algorithms

BioGeneter

AI-Powered Professional Identity Architect

An automated optimization application built to structure high-impact bios, summaries, and digital resumes for technical practitioners using advanced prompt engineering mechanics and semantic fine-tuning templates.

Prompt Engineering

LLM Workflows

Web Tools

DevDipesh Portfolio

Digital Showcase & Personal Brand Space

An elegant modern Apple-inspired portfolio engineering suite displaying interactive layouts, optimized page weight responses, asset loading routines, and clean responsive components to host professional records.

Responsive Design

Git

Frontend Architecture

EDUCATION

SVKM's College of Engineering, Shirpur

Bachelor of Technology (B.Tech) — Computer Science Engineering

CERTIFICATIONS

Product Management

LaunchEd Global | Mar 2026

Product strategy, market research, roadmap planning.
